ASKS WHO 'REAL KOOKS' ARE IN AMERICA

Editor,
Shreveport Journal.

[illegible] for [illegible]

—How many is the lunatic fringe—the great intellectuals call Americans who warn of the Communist peril chronically-unbalanced extremists who must be silenced.

The double-crosses seem to co-exist peacefully with their darling Uncle Niki, the happiness boy, and the red-haters spoil all their fun!

A Soviet secret police defector, Lt. Col. Goleniewski reported 12 American spies in the State Department; 4 in the C.I.A. and 3 spies in American scientific laboratories. He revealed a high-ranking American diplomat, a Soviet spy for 18 years, was allowed to resign and disappeared.

An American Communist was able to assassinate the heavily guarded President of the United States.

With endless terrifying evidence of treason in America for all but the great intellectuals to see, who are the real kooks?
